

Will you help add color and vibrancy throughout downtown Greenville?

With over 70 planting opportunities throughout downtown Greenville, we are seeking community assistance in maintaining a beautiful downtown scene. The Adopt-A-Box Flower Program is sponsored by BASF, with support from Miller Flowers and Dave Knapp Ford Lincoln. How you can participate:

1. Get your family, business, church, or organization together to adopt a flower box or a flower pot.
2. Attend **Downtown Planting Day, Saturday, May 22nd beginning at 8 am** to plant your adopted location. Participants need to check in at the steps of the Courthouse. Plants, soil, and mulch are all provided and will be located at your adopted location. A plaque will be placed on your pot or box as gratitude for your caring and assisting in beautifying downtown.
3. Take pride in your planting! From time to time, come downtown and check on your adopted location! Make sure there are no weeds or trash!

The Main Street Greenville Design Committee has selected the following flowers for 2021:

Flower Boxes: Zinnia Zahara **Flower Pots:** Green Elephant Ears, Musa Red Banana, Coleus Rediculous or Redhead, Sweet Potato Vine Lime Green, and Helichrysum Licorice

cut & return bottom portion with payment, please keep top for dates

THANK YOU TO OUR SPONSORS:
